

City of Woodway Fairway Gravity Sewer Replacement Project, Phase III

THE PROJECT

- ▶ The City of Woodway Phase III Project will upsize and replace the sewer line that runs from Estates Dr. to Hwy 84. Phase I is complete, and Phase II is nearly complete.
- ▶ The Phase III sewer line basically runs on the backside of residential lots. This 50-60 year-old sewer line has reached the end of its useful life and must be replaced and upgraded.
- ▶ We need your cooperation to enable the City to provide you with infrastructure that meets the needs of the public and meets current state regulations at the lowest cost.

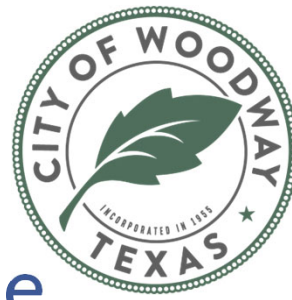

THE BENEFITS

- ▶ Improved utilities to safely handle sewage
- ▶ Improved reliability
